The workshop will cover :

How the school years can lead to a meaningful life—A brief history of disability education

How inclusion can look in the classroom—Evidence and support for inclusive education

Education policies and supports that exist within schools—Advocacy tools and strategies
for families

***Hear from a family whose child is learning in
a regular classroom***

Family Advocacy is an independent and impartial advocacy organisation that works with families across NSW to promote and defend the rights and interests of people who have developmental disability*

The organisation is managed and staffed by parents and allies of people with disability who recognise the issues families face and who can assist in strengthening the advocacy of families.

*Developmental disability is a disability that occurs in the developmental period of a person's life (in the period from conception to adulthood) and includes intellectual disability, cerebral palsy, spina bifida, autism, and any combination of physical, intellectual or sensory disability.
